# THE RITE BULLETIN

From The Personal Representative  
Don Munks, 33°

I hope that everyone had the opportunity to enjoy Christmas and welcoming the New Year with family and friends. January is a new year also for Everett Valley Scottish Rite as we begin degree work with our new class of candidates. Hopefully we don't have any setbacks or delays with the weather, snow, and or sickness.

January meetings, and possibly also February. I will be having extensive back surgery on January 10, 2023 and will be laid up for a couple months.

The year 2023 will also bring some changes from previous years. We have been having discussions about how to make our meetings more interesting and

relevant. We have initiated 20 new Scottish Rite Masons since I have been your Personal Representative but have only seen a few that take their obligations serious enough to come to meetings. This is what brought up the importance of the discussions about what we do as a Valley. We have lost many of our dedicated members to that Great Architect of the Universe, or to health concerns, or not being able to drive at night or car-pool. We miss all of you and would be delighted to see and visit with you. We continue to have fantastic meals made by Alice.

If you have not attended a meeting lately please come join us and be involved. If you need a ride reach out to a Brother you know who will be delighted to help. Our Valley can only be successful if everyone contributes.

I apologize in advance as I will not be at the

Please stay safe and healthy,  
Don

## A Masonic Moment

By WB Wally Zink

Some years back there was a professor whose wife had a hearing deficiency. In trying to develop a device to help her hear better he constructed a small piece of equipment that he thought could be of use to the general public

He traveled through the New England states trying to persuade people to invest in his invention, but with no success. Instead the business interests laughed at his "contraption" telling him that it was absolutely useless and that ideas like his were "a dime a dozen," and "your product is doomed to fail" Some years back there was a professor whose wife had a hearing deficiency. But he turned a deaf ear to their taunts and continued his research with the amazing result that Alexander Graham Bell not only developed an aid to hearing but also to the invention of the telephone.

How often it is we put imaginary barriers in our path when in reality those barriers only exist in our doubts and suspicions.

In the 1940's the most learned physicists and aeronautical engineers seriously and academically believed, and they had complicated equations to underscore and support their belief, that the sound barrier could never be broken and that anything and anyone would be shattered if it approached the speed of sound. But there was one lone pilot, Chuck Yeager, who pushed aside their equations and believed it could be done. He believed that there wasn't any such thing as a "sound barrier." And to prove his belief he flew right through it.

Helen Keller said it succinctly, "*The most pathetic person in the world is someone who has sight but no vision.*"

Wally

## Deadly Apathy

'The numbers of demits, NPD, and non-participation are growing at an alarming rate. The new reports paint a dismal picture. Yes, new members are coming fast, and sometimes in very good numbers, but we seem to be having trouble keeping them. So, why is this happening and what do we do?

'What seems to be happening is the young men come to Freemasonry with an idea of what it should be and find that it is something very different. Many come with the hopes of finding enlightening discussions, intellectual programs designed to lift us to new heights and help us learn more of ourselves and our world. Yet, sometimes all they find is "good ole boys" seeking to add another title, gain a bit more authority or power, and be more of the "big fish" in whatever pond they thrive. There is lots of coffee, but little real enlightenment. The young Masons become upset at the reality of their Masonry when they compare it to what they believed of Masonry before they joined. Some make their displeasure known — loudly. At times, such pointed objections by the young brothers are met with disapproval. It is perceived that the young Masons know nothing of what they are talking about, are out of place, need to "get with the program" and stop "being so negative." The upset young Masons are viewed as the troublemakers and their cries for Masonry as they believe it should be are viewed more as the cries of malcontents. They are often ignored and sometimes ostracized. The Masons become disillusioned and wonder why they ever joined.'

# My Masonic New Year

Author Unknown

I enter my Masonic New Year with the understanding that I am making a fresh start. I begin by discarding thoughts, attitudes, and habits that are not compatible with an excellent life. I let go of whatever caused past discouragement, disappointment, or disagreement. I know that seemingly negative outcomes are desires or goals that are yet to be fulfilled. I am open and receptive to new ideas, activities, and relationships.

Each day, I can follow a fresh plan of fulfillment. I act on divine ideas that I receive in moments of prayer, and inspiration. These ideas flow through wholesome, positive thoughts. As I use creative thinking to build upon divine ideas, my activities and my abilities are enhanced. Therefore, I enter this New Year with optimism, joy, and enthusiasm.

As Freemasons we are constantly seeking to improve ourselves and the world around us. In 2020 and 2021, the Covid-19 virus presented us with life changing events, that have made our primary focus day to day living essentials and our safety.

These have been years of changes and sometimes chaos. We may be working from home, perhaps while wearing your pajamas perched at the kitchen table or sitting on the sofa with your laptop all the while your toddler plays at your feet because the daycare is closed. School age kids may be remote learning at home or doing hybrid learning which, are both their own challenges.

We have been unable to attend lodge meetings, family gatherings, religious events or even our kid's athletic games, if they are even

happening. I think we may all be suffering a bit from social isolation, and especially at this time of year, may be missing the comradery of Freemasonry, and strong social connections.

Throw in a shortage of toilet paper, hand wipes and cleaning supplies, plus having to wear a mask everywhere we go, and our world has certainly changed.

In this turmoil, we may have been distracted, forgetful or neglectful of working on our Rough Ashlar. But then, maybe the past two (2) years, and the lack of activities, has allowed us fresh focus.

This will be different for everyone. As the New Year begins, this may be a great time to take a few moments for a bit of introspection, to reflect upon the past twelve months, both the good and the difficult, and reorient for the future.

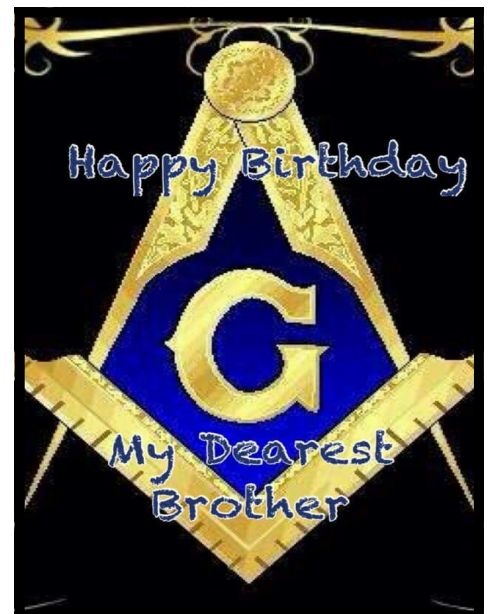

I wish for you All Good Health, Love, Promise and Hope in 2022.

Happy New Year

# From the Desk of the General Secretary

By Terry Grove, 33°

As this article is being composed (Mid December 2022) – our present status of annual dues is as follows: 44 members are current for their 2023 dues. 39 are due \$187 for 2023, 9 are due for 2022-2023 \$337 and 4 are past due for 2021-2022-2023 for \$437. These last four (4) will be suspended for non-payment of dues by the end of the month.

If you are uncertain as to your dues status – please feel free to give me a call at either 425-610-4561 or e-mail me at [terrygrove50@yahoo.com](mailto:terrygrove50@yahoo.com).

For the past five (5) years we have relied on electronic distribution of the Monthly Scottish Rite Bulletin. This action was an attempt to use modern technology wherever possible and whenever we can save money in the process via use of the U. S. Postal Service. If you are not getting the Bulletin electronically, please contact me to provide an e-mail address.

The new method of e-mailing the Rite Bulletins has saved the Valley in excess of \$300 per month plus the electronic distribution method allows us to send you a full color version of the newsletter – which you can read, print at your leisure immediately.

From the recent response, or lack thereof –

it is now becoming apparent, that many of you are not even reading the Bulletins (current activities are always addressed or shared).

In addition – it has been noted, that we are not self-policing our Temple (*if you make a mess, clean it up – you turn it on, turn it off, you unlock – you relock it and this must be done at the end of your meeting and prior to going to your homes*). We (tenants/concordant bodies) are quickly becoming not only the users of the facility, but the abusers of the building. As a result we have incurred additional expense to ‘touch’ up’ needed maintenance issues. Should it become necessary in the future, and we need to retain a professional cleaning service, this could necessitate an increase in our monthly rental fees.

## Masonic Tid Bits “Did You Know?”

In July 1863, Confederate raiders rode into Versailles, Indiana, capturing the local militia and stealing the county treasury. The next day, Confederate General John Morgan learned that his men had also made off with the jewels of the local Masonic Lodge. They were returned the following day, and 8 of his men were disciplined. Morgan was from Davies Lodge #22, Lexington, KY.

# The History of Freemasons For the Month of January

**January 6** - In 1912., Bro. Danny Thomas, was born Muzyad Yakhoob, later Amos Jacobs, at Deerfield, MI. Bro.; Thomas began his acting career as a radio actor and nightclub comedian, then went on to the movies in the 1940s and 1950s. His greatest fame came from his television show, "Make Room for Daddy" (1953-64), and later as a television producer. He was also a tireless philanthropist. Founder of St. Jude's Children's Research Hospital at Memphis, TN., Bro. Thomas often told the story of how physicians at his hospital explained to him the need for a very unique therapy for a patient at St. Jude's which was only available at a Shrine Masons' Hospital. Bro. Thomas told the doctors to proceed with the treatment, regardless of the cost. When he was advised by the Shriners that there would be no cost, Bro. Thomas was shocked and vowed to find out more about this organization. Shortly thereafter, he petitioned for and became a Mason. Prior to his death, he was featured in videos and wrote articles praising the good works of Freemasonry. Bro. Thomas died February 6, 1991, at Los Angeles, CA.

**January 6** - In 1941, Bro. Franklin Delano Roosevelt, 32nd US President, citing what he called the "Four Freedoms," asked Congress to approve a multimillion-dollar program of aid to the countries fighting the war against Nazi Germany. The President called the proposed lend-lease program vital in promoting the defense of the nation, His speech outlined four goals: (1) Freedom of speech and expression; (2) Freedom of people to worship God in their own way; (3) Freedom from want; and (4) Freedom from Fear,. All of the points referred to the Freedoms as fundamental "to all peoples anywhere in the world."

**January 9** -In 1945 General and Bro. Douglas Mac Arthur landed 67,000 troops in the Gulf of Lingayen on the western coast of the big island of Luzon. Here US forces began the final push to retake the Philippines by attacking at the same location where the Japanese had begun their invasion nearly four years earlier. The Japanese offered little opposition to the landing itself but fought fiercely against Allied advancement, particularly around Clarke Field, the major air base of the islands. Thus Bro. Douglas MacArthur was able to redeem his pledge "I shall return" when he successfully invaded Luzon this date 55 years ago. In about a month's time his tanks would be going through the gates of Santo Tomas University where allied civilians were interned by the Japanese who drove him out of the former Philippine colony in 1942.

**January 12**—In 1737 Bro. John Hancock, American patriot, statesman, and first signer of the Declaration of Independence, was born at Braintree, MA. Because of his conspicuous signature on the Declaration, Bro. Hancock's name has become part of the American language, referring to any handwritten signature, as in "Put your John Hancock on that." One of nine Masons to sign the Declaration, he was President of the Continental Congress and served nine terms as Governor of Massachusetts. Bro. Hancock died at Quincy, MA October 8, 1793.

**January 19**—In 1991 the US began Operation Desert Shield (later to be called Desert Storm);. The military conflict known as the Persian Gulf War started when Iraq invaded and occupied Kuwait in August 1990. In November, the United Nations Security Council passed a resolution demanding that Iraq withdraw from Kuwait and setting January 15, 1991 as the deadline. Allied forces, chiefly from the U.S., Saudi Arabia, Britain, Egypt, Syria, and France, prepared to enforce the demand. Within 24 hours after the deadline expired, the allies launched Operation Desert Storm against the Iraqi military. Under the command of U.S. General and Bro. Norman Schwarzkopf, the offensive began on January 16 with massive bomb and missile attacks on Iraqi air defenses. Following a month of airborne attacks on Iraq's troops and infrastructure, the allied forces launched a ground assault. Within five days, Kuwait had been liberated and much of southern Iraq was under Allied occupation. On February 27, President Bush announced that Desert Storm had accomplished its goals and declared a cease-fire.

**January 30**—In 1882, Bro. Franklin Delano Roosevelt, the Mason who was to become America's 32nd President, was born at Hyde Park, NY. The only President to serve more than two terms, he was elected four times. Bro. Roosevelt supported the Allies in World War II before the US entered the struggle by supplying them with war materials through the lend lease Act. He became deeply involved in broad decision-making after the Japanese attack on Pearl Harbor, December 7, 1941. He died in office a few months into his fourth term at Warm Springs, GA, April 12, 1945. Bro. Roosevelt was initiated on October 11, passed on November 14, and raised on November 28, 1911 in Holland Lodge No. 8, New York City. He was elected an honorary member of Stansburg Lodge No. 24, at Washington, DC. , and was present when his three sons were raised: Elliot on February 17, 1933; James and Franklin D., Jr. on November, 1935, all of them in Architect lodge 519, New York City. He was also a member of the Scottish Rite.

## YOU ARE MASONRY

By Dewey Wollstein, 32° KCCH

What is Masonry? Let us for the moment lay aside the general definitions. Let us even ignore for the moment our own conception of our time-honored Institution.

There is a great Temple under construction. Men are busy and have been busy for centuries in the erection of this magnificent edifice. Let us call it the Temple of Life. There is a beauty beyond the power of words to express. There is a sacred atmosphere that inspires every worker to do more than his share of the work. There is work, but it is not the burdensome toil of the slave. Every worker is a king in his own right. All men working together, each for the good of all. What will mar the tranquility of this scene? Just the fact that men are always looking

forward to a greater beauty than they know at the present. They seek a Finished Beauty. The quest is in vain. Today is the only victory on the morrow that he has not achieved today. Then the awful tragedy. The day when there are no designs upon the trestle board. Man's inhumanity to God has caused the work to cease. The spirit is killed. The beauty that was there is now cold and without form.

Who is responsible for the darkness that now covers the Temple of Life? I am to blame. You are to blame. We failed to see that the Spirit was in the building of the Temple, not in the completed edifice.

The Spirit of Masonry is in the Mason.

## The Silent Summons

*A member of a certain Lodge, who previously attended meetings regularly, stopped going. After a few months, the Worshipful Master decided to visit him. It was a chilly evening, and the Worshipful Master found his brother at home alone, sitting before a blazing fire.*

*Guessing the reason for the Worshipful Master's visit, the brother welcomed him, led him to a comfortable chair near the fireplace and waited. The Worshipful Master made himself comfortable, but said nothing.*

*In the grave silence, he contemplated the dance of the flames around the burning logs. After several minutes, the Worshipful Master took the fire tongs, carefully picked up a brightly burning ember and placed it to one side of the hearth, all alone. Then he sat back in his chair, still silent. His host watched all of this in quiet contemplation. As the one lone ember's flame flickered and diminished, there was a momentary glow, and its fire was no more. Soon, it was cold and dead.*

*Not a word had been spoken since the initial greeting. The Worshipful Maser glanced at his watch and chose this time to leave. He slowly stood up, pickup up the cold, dead ember, and placed it back in the middle of the fire. Immediately, it began to glow once more, with all the light and warmth of the burning coals around it.*

*As the Worshipful Master reached the door to leave, his host said, with a tear running down his cheek, "Thank you so much for your fiery summons, my brother. I'll be back in our Lodge next meeting."*
